DEERY'S HEROISM.

He Responded to a Call and Saved the Submarine Torpedo Boat Adder.

SWAM 100 YARDS WITH A LIFE LINE

At the Time the Vessel Was Being Tossed Like a Cork by the Angry Waves.

After Accomplishing His Work the Daring Seaman Went Back to the Tug Hand Over Hand on the Hawser.

Norfolk, Va., Dec. 5.—The naval tug Peoria, towing the submarine torpedo boat Adder, has arrived at the navy yard here. The Adder was saved by the heroism of Boatswain Deery, who responded to a call for volunteers and swam 100 yards with a line to the Adder from the tug and pulled a hawser after him. The Moccasin is ashore at Currituck and appears to be only slightly damaged. The Adder is leaking badly.

The Peoria left Friday night for Currituck to aid the Yankton and Vixen in floating the Moccasin, which is now high and dry upon the beach.

When Boatswain Deery responded to the call for a volunteer to swim to the Adder in a 34-mile gale, with mountainous seas crashing over the Peoria and burying the drifting submarine boats beneath tons of water, Deery, with a slender line fastened around his waist, plunged into the ocean and battled with wind and tide for a full hundred yards, finally reaching the Adder and gaining her deck. There he hauled a thick hawser aboard by means of the life line and made it fast.

At this time the Adder was being tossed about like a cork one minute, and driven far beneath the surface the next, rolling and wallowing in such a manner as to make it almost impossible to retain a position upon her scanty decking, but Deery held on and accomplished his work. Then he went back to the tug hand over hand on the hawser.

It was said at the navy yard Friday that Boatswain Deery will be commended at once to the president for bravery.

The Adder is leaking and her electrical machinery is badly damaged.

Lieut. English, commanding officer of the Peoria, says the little boats towed very well indeed until they were just off the Virginia capes. There the heavy seas running at the time proved too much for the frail towing bits of the Adder, which was towing first, following the tug. They snapped short and the two submarine vessels went adrift.

The Peoria sought to catch them, but they drifted southward before the wind rapidly. There were only the broken bits on which to get a hold, so the tug could only run in between them and keep them from bumping together. The seas were running entirely too high, the lieutenant said, for the tug to run alongside the boats, and it would have been suicidal to have lowered a boat. All the Peoria could do, therefore, was to keep the boats apart. All Wednesday night this continued and then the line between the boats snapped. It was then that Boatswain Deery, who comes from Brooklyn, performed his heroic act in a last attempt to save the boats.

New York, Dec. 5.—Patrick Deery is well known at the Brooklyn navy yard. He has served in the navy for 14 years and is regarded as a fearless, though modest man. He has a record for life saving.

He enlisted at the Brooklyn navy yard, became a boatswain four years ago. For some time he was connected with the navy tug Nina, but was transferred a few months ago to the Peoria. Deery was born in Ireland.

THE LIFE SAVERS.

Annual Report of General Superintendent of Life Saving Service.

Washington, Dec. 5.—S. I. Kimball, the general superintendent of the life saving service, in his annual report, says: The number of disasters to vessels within the scope of the operations of the service during the year, while not so great as in the last two preceding years, was still considerably over the average and the percentage of loss of life to the number of lives involved was practically the same, showing that the high standard of efficiency attained by the service has been maintained. The number of lives lost was 24, one less than last year, while the number of persons involved, 4,839, was greater by 119.

The number of stations embraced in the establishment at the close of the fiscal year was 273, of which 196 were located on the Atlantic and Gulf coasts; 17 on the Pacific coast; 60 on

the great lakes, and one at the falls of the Ohio river at Louisville, Ky.

The net expenditure for the maintenance of the service during the year was \$1,721,727.

HON. W. M. SPRINGER DEAD.

He at One Time Was a Leader in the House of Representatives.

Washington, Dec. 5.—Former Representative William M. Springer, of Illinois, a democratic leader conspicuous in the house of representatives during the Forty-fourth to Fifty-third congresses inclusive, and once chairman of the ways and means committee of the house, died at his residence in this city Friday, aged 67 years. His death was due to pneumonia contracted in Chicago Thanksgiving day. The late Hon. William McKendree Springer was born in Sullivan county, Ind., May 30, 1836.

Chicago, Dec. 5.—The Iroquois club, of which former Congressman Springer was a member, will be represented at the funeral in Washington by the following committee: Congressman George P. Foster, Congressman James McAndrews, Col. James Hamilton Lewis, William O. Coleman, Rivers McNeil, Frank Hoyne, E. M. Phelps and Judge Honore, of Chicago; Charles K. Ladd, of Kenauaune, Ill.; Alfred Orendorff, and William Ridgely, of Springfield, Ill.

DOWIE'S SOLVENCY.

Seven Creditors Ask Judge Kohlsaat to Inquire Into the Question.

Chicago, Dec. 5.—Stronger proof of the fact that all John Alexander Dowie's creditors are not a unit in the desire to have his estate administered by the bankruptcy court was given Friday afternoon. Seven creditors representing claims of more than \$10,000, filed an answer in the United States district court in which they asked Judge Kohlsaat to inquire into the question of Dowie's solvency at once. They denied that the head of Zion City is insolvent or that he was in that condition when the bankruptcy proceedings were begun against him and they also averred that Dowie should not be declared bankrupt for any cause set forth in the original petition. The lawyers who represent these seven creditors declare that additional claims amounting close to \$100,000 are united in the contest against the bankruptcy proceedings.

THE TYPHOID EPIDEMIC.

Eleven New Cases and Six Deaths Reported at Butler Friday.

Butler, Pa., Dec. 5.—Only 11 new cases of typhoid fever were reported to the board of health Friday, but more deaths occurred than in any previous day since the epidemic commenced, the number being 6, which makes the total up to date 43. Friday evening eight nurses and four doctors arrived over the West Pennsylvania railroad from points in the western part of the state. The collecting committee reported that the total contributions approximate \$16,000.

LANGLEY'S AIRSHIPS.

They Are to Be Operated Near the Washington Barracks.

Washington, Dec. 5.—Prof. Langley's airships are about to be operated on the eastern branch of the Potomac near the Washington barracks. All arrangements for the test have been completed, the airship which was wrecked at Widewater has been repaired and Saturday, if weather conditions permit, a test will be made. The test will be public. Both Prof. Langley and Mr. Manley are confident of success.

HALF A MILLION DOLLARS LOSS.

Wholesale Grocery, Hardware and Other Buildings Burned.

Salina, Kan., Dec. 5.—Fire that started here at noon Friday and which for a time threatened the entire business district, destroyed the four-story building occupied by the H. D. Lowe Wholesale Grocery Co., damaged the building and contents of the H. D. Lee Hardware Co., and burned several smaller buildings, causing an aggregate loss estimated at \$500,000. Insurance about \$250,000.

Seven Hundred Men Idle.

Sharon, Pa., Dec. 5.—The plant of the American Steel Foundry Co. has closed down pending a settlement of the scale. The men have been asked to accept a ten per cent. reduction and the matter is now under advisement. About 700 men are idle.

A Shortage of Freight Cars.

Birmingham, Ala., Dec. 5.—The shortage of freight cars on all southern railroads is again a matter of great anxiety especially as the heavy traffic of the holidays is beginning. The shortage has been more noticeable this year than ever before.

NAVAL MATTERS.

Abstracts From the Annual Report of the Secretary of the Navy Moody.

MAKES PROPOSAL FOR CHANGES.

Creation of General Staff Which Shall Be Responsible For the Efficiency of Vessels Afloat.

The Percentage of Citizenship in the Enlisted Force of the Navy Is Steadily Growing—Number of Men, 27,245.

Washington, Dec. 5.—Secretary Moody, in his annual report, refers at length to the organization of the navy department.

"As the naval establishment grows in consequence," he says, "and the amount of public money devoted to its maintenance is increased, its proper administration justly becomes an object of solicitude. There has been, therefore, much discussion concerning the organization of the department.

"The proposals for changes may be classified as follows:

"First, alterations in the organizations of naval yards which will increase the power and responsibility thereover and for work progressing therein.

"Second, the consolidation of the bureaus in the department.

"Third, the creation of a general staff, which shall be responsible for the efficiency of the vessels afloat and the personnel of the navy, collect and digest military information upon which plans for active operations may be formulated, and act as the military adviser of the secretary, having no authority, except such as may be conferred upon it from time to time by the secretary.

"It is gratifying to note that the percentage of citizenship in the enlisted force of the navy is steadily growing. The number of enlisted men in the service June 30, 1903, including petty officers, seamen and other ratings, landsmen for training and apprentices, was 27,245. Of this number 89.8 per cent. were native born and 10.9 per cent. naturalized citizens, the total percentage being, therefore, 90.7 per cent., as compared with 89 per cent. at the beginning of the fiscal year.

"The maximum percentage of desertions under peace conditions is a little more than 9 per cent. and the normal between 11 and 12 per cent.

"Artisan employees of the department injured without fault of their own should be afforded relief—placed upon an equality with their brothers in private employment.

"Although it is almost five years since we acquired the Philippine islands, no steps have been taken to establish a naval basis there.

The importance of beginning the work of developing the naval stations in Cuba and continuing with reasonable speed to its completion is plain.

"The effective force was increased during the fiscal year by the addition of 25 new vessels—one battleship, four harbor defense monitors, 12 torpedo boat destroyers, one torpedo boat and seven submarine boats.

"During the past year marksmanship has improved to a gratifying degree. Results attained on all stations show a uniformity of improvement.

"The expenditures for the support of the navy have increased considerably, were during the last fiscal year larger than in any year of our history, except 1864 and 1865, and are certain to increase still further. The total in 1903 was \$82,818,084.

PANAMA CANAL TREATY.

Officially Delivered to United States Consul General Gudger.

Panama, Dec. 5.—Wrapped in the flags of the United States and Panama, the canal treaty was Friday officially delivered into the hands of United States Consul General Gudger. The transfer took place at the palace in the presence of the members of the junta, the ministers of the republic, United States Vice Consul Ehrman and other prominent persons. From the palace the chest containing the treaty was carried by two policemen to the consulate general, where it will be kept until shipped to the United States.

To Create Another Holiday.

Washington, Dec. 5.—Representative Wachter, of Maryland, introduced a bill Friday making April 14 of each year a legal holiday to be known as "Martyr's day," in commemoration of the death of Abraham Lincoln.

Rural Free Delivery Carriers.

Washington, Dec. 5.—Senator Mitchell introduced a bill Friday providing that every carrier in the rural free delivery mail service in addition to his salary fixed by law shall receive \$250 a year for subsistence.

CAPT. B. J. EWEN.

He Walks the Streets of Jackson, Ky., Unmolested.

Jackson, Ky., Dec. 5.—Capt. B. J. Ewen, principal witness against Jett and White in Breathitt county assassination cases, was boldly walking the streets of Jackson Friday. His appearance on the streets immediately after all the soldiers have been recalled has occasioned surprise. He was always guarded by a large body of soldiers when here and on innumerable occasions expressed the belief that he would be assassinated if he ever returned to Jackson.

No credence is placed in a report by people here that a man shoved a pistol under Judge Hargis' nose a few days ago and threatened to shoot him.

Lexington, Ky., Dec. 5.—The managers of Ewen's lecturing tour were astounded when they learned that Ewen was in Jackson. They supposed he was still in Cincinnati. He became so frightened after he was shot at election night here that he caused his lecturing dates to be cancelled. They fear the terrific strain on his mind since the Marcum assassination has caused it to become unbalanced.

PETERSBURG GIRLS.

Ghost of a Cincinnati Frightens Them Away From Their Beaux.

Petersburg, Ky., Dec. 5.—A number of citizens living on East First street, facing the river, are greatly excited over what they call a ghost. In the spring of 1897 or 1898 a wealthy Cincinnati bottle manufacturer, F. A. Schwill, committed suicide by jumping off the steamer Pauline, while the crew was at dinner. Since then, on almost any moonlight night, a white object emerges from the Ohio river at the point where Schwill jumped in. It walks down the beach about 30 feet, retraces its steps and walks to the float landing and gives a leap and appears to sink into the Ohio river. Then there are piteous screams that echo from the shores.

Thursday night, while a crowd of young ladies was on the hilltop watching for their Lawrenceburg beaux, the object appeared, and frightened Miss Walton. Their screams brought out the neighborhood. The ghost appears just after sunset.

JUMPED FROM THE TRAIN.

The Nine Men Heard They Were to Be Strike Breakers.

Louisville, Ky., Dec. 5.—Nine men, who say they were members of a party of 53 being taken under guard in a special car from St. Louis to fill the places of strikers in the West Virginia coal fields, jumped from a train at Union depot and escaped. They claim that there was a mutiny on the train when the men learned that they were to take the places of strikers, and that force was used to keep them in the car.

Kentucky Student Y. M. C. A.

Georgetown, Ky., Dec. 5.—The state conference of the Kentucky Student Y. M. C. A. met here Friday. Over one hundred delegates were present. Speeches by state secretaries of the Kentucky and Ohio organizations were made Friday afternoon. An address was made Friday night on "The Work That Wins" by Rev. Carter Helm Jones, of Louisville.

No Race Suicide There.

Paducah, Ky., Dec. 5.—Richard Middleton, 90, who lives near Cunningham, Carlisle county, has more descendants, perhaps, than any other man in Kentucky. He is the father of 12 children. He has 60 grandchildren, 56 great-grandchildren and one great-great-grandchild.

Voted For Andrew Jackson.

Leitchfield, Ky., Dec. 5.—Micajah Sadler, the oldest man in Grayson county, died of old age at Sadler. He was born in 1807, being in his 96th year. He cast his first vote for Andrew Jackson, in 1828, and has voted the democratic ticket ever since.

Whitney Case Affirmed.

Frankfort, Ky., Dec. 5.—The case of H. A. Whitney vs. John Whitney, from Covington, was affirmed by the court of appeals. It was a suit to settle an insurance partnership, and the sale of all the partnership property was ordered by the court below.

Services at Goebel's Grave.

Frankfort, Ky., Dec. 5.—Arrangements are being made to hold memorial services on inauguration day in the afternoon over the grave of the late Gov. Goebel. Judge M. C. Saufley, of Stanford, has been invited to deliver the address.

Will Practice Law.

Frankfort, Ky., Dec. 5.—Robert L. Greene, a native of Bracken county and a former resident of Covington, who has been deputy clerk of the court of appeals for many years, will retire and begin the practice of law in Frankfort on January 1.

COUNTERFEIT RAID

One of the Most Important That Was Ever Made in the Vicinity of Boston.

THREE MEN PLACED UNDER ARREST

The Extensive Plant and an Enormous Supply of Paper For Printing Notes Was Confiscated.

Lithographic Plates Bearing the Imprint of Many Different Kinds of Money, Presses and Engraving Tools Were Found.

Boston, Dec. 5.—What is considered by the United States government secret service officials to be one of the most important raids that has ever taken place in the vicinity of Boston, was successfully carried out Friday in the neighboring town of Revere, when three men, all said to be well-known counterfeitors, were arrested and an extensive plant and an enormous supply of paper for printing notes was confiscated.

The government officers stated Friday night that there was paper enough in the house where the raid took place to print more than a million dollars worth of notes, while the plates and sand presses were of the finest workmanship. The men arrested were John Davis, Joseph Boumendlit and Moses Novak, and it is understood that the government made seven simultaneous arrests in or near New York.

Davis is also known as Philip Schwart, Henry Smith, Henry Lieberman and J. Weissman, while Novak has one alias, that of H. Frankel.

Davis is believed to be the head of the gang, and, according to the secret service officers, he is well known not only in this country, but also in Europe.

It is believed, however, that New York parties were behind the plot which was exposed in Revere and the counterfeiting is said to have been carried on either in that city or in Newark, before a portion of the gang came to this city.

Novak, or Frankel, as he was known in Revere, came from New York about two months ago, accompanied by a woman, and hired a house. Soon after he took possession the authorities at Washington began to receive numerous complaints that counterfeit money was being freely circulated in New England. From the larger New England cities and from New York came the report that numerous spurious gold and silver certificates were being circulated. The smaller towns and cities were also flooded with counterfeit notes.</

CLEAN THE SIDEWALKS.

Two residents of the city are suffering from broken arms as a result of falling on slippery pavements this week, and the question arises oughtn't there be an ordinance requiring all owners or occupants of property to have the snow cleaned off of their sidewalks within a reasonable time after it falls. At the point where the accidents occurred this week the snow had been left for four or five days, and as a result of the thawing and freezing had been converted largely into ice, rendering the pavement very unsafe for travel. The pavements are constructed for public travel and it is the duty of the city to see that they are kept in a reasonably safe condition. At present there is no ordinance requiring property owners or occupants to clean the snow off of sidewalks, and the failure of Council to enact such a law it seems to us might involve the city in a suit for damages.

The City Council, at its next meeting, should pass such an ordinance. It requires but a short time to clean off the sidewalks. Many residents do this voluntarily, and those who neglect this duty should be compelled to clean them.

SOME POSTAL FIGURES.

Concerning This Branch of the Government Business in Kentucky—Growth of Rural Free Delivery.

According to the annual report of the Fourth Assistant Postmaster General the number of Presidential offices in the State of Kentucky of the first class is four, second class fifteen, third class fifty-eight. The number of fourth-class offices in the State is 3,192. Of this number 607 are money order offices. While the State ranks twelfth in population it ranks nineteenth in number of presidential postoffices. Kentucky ranks third in the number of fourth class postoffices, the average compensation being \$107.93, the lowest average of the States and Territories.

The gross receipts of the Kentucky postoffices last year was \$1,812,073. The average amount expended per capita was 80 cents, the State ranking forty-second of the States and Territories in this respect.

On the subject of rural free delivery the report shows that during the past fiscal year the number of petitions filed was brought up to 439. The number of routes established was 189. The number of petitions pending is 208. The total number of pieces of mail of various classes delivered on rural routes in the State was 2,903,695. The number of pieces of mail collected on the rural routes in the State was 579,500. The estimated value of postage on matter of various classes delivered on routes from January 1 to June 1 was \$22,702. The average number of hours on routes is 153, population 709, boxes seventy, average cost per route per year \$599.45. Up to November 1, the number of routes established in the State had been 254.

WIRELESS SYSTEM

For Operating Cars Given a Successful Test on the Pennsylvania Railroad.

ATLANTIC CITY, N. J., December 3.—A new surface contact transportation system was successfully tested here to-day on a mile of track on the Chelsea branch of the Pennsylvania railroad in the presence of a large number of electricians and railroad men.

The inventor is Leon W. Pullen, a young Philadelphia electrician. His method of car propulsion does away with the third rail, overhead wires, poles, open conduit, cables and storage batteries, and is called a wireless system. It is claimed for it that the cost of maintenance is one-fourth that of any other system.

An immense open trolley car was used for the experiment, and over 100 people were crowded into it. Beneath the car are attached a series of magnets, which make the contact as the car passes over the boxes, which are in the center of the tracks, a distance of sixteen feet apart. In appearance the contacts are like inverted saucers. These are located on the surface of the street, but do not in any way impede travel. The contacts are alive only at the time of the passage of the car over them. The car is supplied with a current by magnets, and when the latter passes over the contact they fly upward, making the contact in a flash of time.

The test was declared to be perfectly successful by the electricians and railway men who witnessed it. The car ran smoothly and practically at any rate of speed required. It is claimed that by running full-sized passenger coaches, sleepers, freight and street railway cars all upon one system, each box will furnish 300 horse power, two boxes to a car and three cars to a train, that 1,800 horse power will be generated and a speed of eighty miles an hour, attained with no loss of current.

The equipment can be placed on either a steam or electric road at moderate cost.

The Wireless Railway Company, owner of the new system, is incorporated under the laws of the District of Columbia, with a capital stock of \$1,000,000.

At the Central Presbyterian Church to-morrow morning the discourse will be in the nature of a history of the Presbyterian Church in Maysville, having been postponed from last Sunday until this time.

Near Mt. Sterling, Mrs. Wm. Bridgeforth sold sixty turkeys to Sullivan & Toohey which brought her \$110.70. Mrs. Susan Sullivan, aged seventy-five, sold \$73.20 worth of turkeys and has twenty left for the Christmas trade.

John Lowlow, the once famous clown, who drew hundreds of dollars for making the public laugh in the old one-ring circus and who was a star in his line for years, has returned to Cincinnati from a tour of the Western States with the Sells & Downs combination.

Mr. John Morrison, long a well known citizen of this county, is spending the winter with his daughter, Mrs. John F. Morrison, in St. Louis. Mr. Morrison, though in his ninetieth year, is able to get about as well as most men much younger. He is a cousin of the late Rev. William Morrison.

At the First Methodist Church, South, the pastor Rev. Chas. F. Evans, D. D., will preach at 10:30 a. m. to-morrow on "The Greatest Day in World's History," and at 7 p. m. will deliver an address on "The Bible, as God's Word to the World." The League meets at 6 p. m. in devotional service. To all these services a cordial invitation is given to everyone.

That tobacco weighs light this year, and that the crop is light also in yield, may be seen from a sale in Woodford County, Ky., recently. A barn of L. F. Sutherland was sold to Strang & Harris at 10 cents, this barn being found to contain 7,000 pounds. Last year the tobacco from the same barn weighed more than 10,000 pounds.—Western Tobacco Journal.

The exhibition of moving pictures given at the opera house last night by the Lyman H. Howe Company was unquestionably the finest ever seen in Maysville, in fact as wonderful and realistic as can be given anywhere. Scene after scene of the most realistic character was thrown on the canvass, and one could hardly realize at times that he was not looking at the actual occurrence. The company will return here at a later date this season, and they deserve a packed house. No matinee was given Friday, as the company failed to reach here in time.

IN FAVOR OF COMPANY.

The Court of Appeals Passes on the Question of Listing C. and O. Stock For Taxation.

The Court of Appeals Thursday affirmed a judgment of the Greenup Circuit Court in a case of the Commonwealth against the Chesapeake and Ohio Railway Company. Judge Barker delivered the opinion of the court.

The question raised was the authority of the Sheriff of Greenup County, under section 4241 of the Kentucky Statutes, authorizing that officer to list omitted property, to list for assessment in the name of appellee company, as bailees in possession, the stock of their stockholders, and that it be assessed against the corporation for each and every year beginning with 1892 up to and including the year 1902. The court below sustained a demurrer and dismissed the petition. The court in affirming the judgment entered below, says:

"The stock sought to be taxed in this case in Greenup County is, perhaps, scattered throughout the commercial centers of the world; it is being bought and sold day by day on the stock exchanges of New York, London, Paris, Berlin and other cities; it is constantly changing hands, and cannot, therefore, be considered in any sense in the possession of the corporation. It would be a strange rule of fiscal law which would authorize the taxation of \$62,525,000 of stock in this large corporation in Greenup County, when it does not appear that one share of it is owned by a resident of that county."

Yon tax the kidneys—overwork them—They can't keep up the continual strain. The back gives out—it aches and pains; Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

Maysville people tell you how they act. Mr. Robert Wise, of Forest avenue, says: "Doan's Kidney Pills are from the evidence I have a sure cure for backache. I say this not only from my own experience, but also from that of several others who have received the greatest benefit from the treatment. I suffered from pains in my back, a disturbed condition of the kidney secretions and symptoms of an inflamed condition of the bladder. Procuring Doan's Kidney Pills from J. Jas. Wood & Son's druggist, corner of West Second and Market streets, they gave me quick and effective relief."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

BACK GIVES OUT.

Plenty of Maysville Readers Have This Experience.

You tax the kidneys—overwork them—They can't keep up the continual strain. The back gives out—it aches and pains; Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Maysville people tell you how they act.

Mr. Robert Wise, of Forest avenue, says: "Doan's Kidney Pills are from the evidence I have a sure cure for backache.

I say this not only from my own experience, but also from that of several others who have received the greatest benefit

from the treatment. I suffered from pains in my back, a disturbed condition of the kidney secretions and symptoms of an inflamed condition of the bladder.

Procuring Doan's Kidney Pills from J. Jas. Wood & Son's druggist, corner of West Second and Market streets, they gave me quick and effective relief."

PRESIDENT ROOSEVELT'S WIFE

Is the first lady of land, but we doubt if she was any happier on Monday than the FIRST LADY that had her book full with Globe stamps. This lady came for her present and she saw so many beautiful things for one book that she had more trouble to decide what she wanted than to fill her book. She selected a beautiful lamp and before she left had her second book started. DON'T FAIL TO ASK FOR YOUR STAMPS—THEY COST NOTHING.

WE HAVE A FEW SUITS LEFT.

If your size is here you won't find the price objectionable.

MERZ BROS

PROF. SHERWOOD.

One of Maysville's Popular Teachers to Take Charge of a Covington School the First of January.

Prof. G. C. Sherwood, Principal of District School No. 3, Fifth ward, was elected Principal of the Third district school at Covington Thursday evening to succeed Prof. Yates who died recently. He will enter upon his work at Covington after the Christmas holidays.

The news that Prof. Sherwood is to leave Maysville is learned with sincere regret by his many friends, but especially by his pupils by whom he is greatly admired and respected. He has won a warm place in their hearts and has proven very successful in his work as instructor.

Prof. Sherwood's new position, we understand, will pay him \$1.25 a month—\$1,250 a year. His salary in this city is only \$750 a year.

The District Convention.

Dr. Ryland Knight, the eloquent Baptist minister, will deliver the address at the district Sunday school convention which is to be held at the Central Presbyterian Church Sunday afternoon, Dec. 6th, at 2 o'clock. Miss Berry and Mr. Boyd K. Muse will sing solos. The choir of the Central Presbyterian Church will have charge of the music. The service will be brief and interesting. All Sunday school scholars and all church members are urged to be present.

Attention, Merchants!

Do you want a share of the holiday trade? If so, you should place an advertisement in the daily and weekly BULLETIN. Invite the people to call and examine your stock, tell them what you are selling, give prices and tell them of the good quality of your wares. An ad. planted in the daily and weekly BULLETIN will bring good results.

Special Notice.

Meeting continues at First Baptist Church. Dr. Knight is preaching able sermons. Several received so far. Subjects for Sunday: "The Denial of Self" and "What the Bible Teaches by Baptism." Baptising at evening service. Men's meeting in afternoon at 3:30 p.m. Come for same.

On account of sickness the Misses McClanahan will not have their dancing class until next Tuesday evening.

Mr. Henry Ort's handsome residence on Fourth street will be offered for sale at public auction at 2 o'clock this afternoon.

Mr. James P. Fant, now over ninety years old, is reported critically ill at the home of his daughter, Mrs. Mollie Pearce, in Covington.

The many friends of Mr. A. J. Calvert, of "The Lowlands," will be sorry to learn he is confined to his home with a severe case of asthma.

The nineteenth series of stock in the People's Building Association is now open for subscriptions. Call on any of the officers and take stock.

"The Irrepressible Conflict Between Democracy and Republicanism" is the title of an article in The Arena for December by Hon. W. J. Hendrick.

Lawrence Pollock, a nephew of Mr. Q. A. Means, had a leg broken and ribs fractured in a wreck on the N. and W. railroad at Portsmouth Thursday.

Mrs. Catharine Desmond, while descending the stairs at her home on Fourth street this morning, had the misfortune to fall and break her left leg below the knee. She is a sister of Mr. Timothy McAuliffe whose death is noticed elsewhere in to-day's issue.

MR. TIMOTHY McAULIFFE.

One of the County's Highly Respected Citizens Passed Away Last Night. Funeral Monday.

Mr. Timothy McAuliffe, whose critical condition was mentioned Thursday, died last night at 10 o'clock at his home on the Jersey Ridge pike. His death was due to disease of the heart, and he had been failing some time.

Mr. McAuliffe was born in County Cork, Ireland, in 1827, but came to this country when only five years old, residing in Maryland until 1847. He then came to Kentucky and spent the rest of his life in Maysville and Mason County, where he was held in universal esteem.

Mr. McAuliffe was one of a large number of worthy sons of the Emerald Isle who took up their residence in this county about 1850, and whose thrift and industry and upright living have won them a place among the leading citizens of the county. Only a few of them survive, but they are represented by large families of worthy sons and daughters.

Mr. McAuliffe was married twice, surviving both his wives. He leaves one son, Charles, and one daughter, Mrs. Kate Ryan, by his first marriage, and one daughter, Sister Mary Anthony, of St. Cecilia's Convent, Nashville, by his last wife. His last wife was the mother of Judge J. J. Osborne, of Cynthiana, and County Attorney W. J. Osborne, of Mt. Olivet, by her first marriage. He leaves two sisters, Mrs. Catharine Desmond and Mrs. O'Mahoney, of this city.

The funeral will take place Monday morning at 9 o'clock at St. Patrick's Church, the interment following in the cemetery at Washington.

Whilst the majority of our people have full knowledge of the merits of

Rochester-Made Clothing,

there are doubtless some who have never worn it. To those who have worn Stein-Bloch, Adler Bros. and Garson Meyer clothes we need not say anything. To you who have never bought or worn of these makes we address this. Don't think for a moment, because these lines are the best made in the world, that it will strain your pocketbook to buy them. Our prices are just as low on these as you have to pay for ordinary good clothing in other places. Suits and Overcoats ranging from \$12 to \$20 that have more snap and style than any custom-made for double the price.

WE WANT TO SELL YOU OUR MEN'S AND BOYS' SHOES.

Remember every pair warranted to give reasonable satisfaction or another pair or the money in place of a pair that do not prove good. These are the kind of Shoes to buy, and ours are "this kind."

GIFT OF THE AMERICAN PEOPLE.

The Silver Service For Sir Thomas Lipton Shipped to London.

New York, Dec. 5.—A silver service, consisting of 20 pieces, the gift of the American people to Sir Thomas Lipton, will be forwarded by the Etruria Saturday to the United States ambassador in London, under cover of instructions from the department of state. Lindsay Russell, of New York, goes to London by the same steamer as a representative of the national committee.

The inscription on the center piece is "From the People of the United States to Sir Thomas Lipton, Baronet, K. C. V. O., who by his good tempered sportsmanship, his generosity to the families of American soldiers and his hospitality to Americans at home and abroad has contributed much to our Anglo-American friendship."

THE NEW GOLD FIELDS.

Three Men Badly Wounded in Conflict Over Claims.

Rincon, N. M., Dec. 5.—Three men badly wounded were brought to Rincon Friday from the new gold fields at Apache Canyon for treatment. They had been shot in conflicts over claims. It is reported that several other men have been shot. A mining expert reports that the field is very rich, but limited in extent. There are now 3,500 men on the ground and more arriving daily.
